April 25, 2018

Re: Temporary change in time of monthly (May) outdoor warning siren test

The Wood County outdoor warning sirens monthly test will be conducted on Saturday, May 5, 2018 at **12:00 p.m.** instead of the regular 10:00 a.m. test time. This is a temporary change in the testing time. The regular test time of 10:00 a.m. will resume on June 2, 2018. As with any testing date, the test will be suspended if there is threatening weather in the area.
